Dear Dr. Evans.....

Mr. L. Lawrence,
Napoleon Cott.,
Oxford Rd., Windsor

This recruit is referred to you and I should be
grateful for your opinion.

He has been instructed to report at Sloop.....

2 9:30 AM, on 9.5.44.

Remarks:- This man is slowly gaining weight
(7lbs since last exam. in July/43) but is
still very thin. I think a chest X ray
would be advisable before grading

Yrs sincerely

R Kelsall
